After the studying the core map and thinking about the quotation that your teacher read to you, discuss the following questions in your small group. Write down some group ideas in the spaces. Be ready to report your ideas to the class.

1. What reasons can you think of for the U. S. government placing Oklahoma County in the middle of the Indian Territory?
2. Why would T. J. J. Wiggins specifically try to bring people to the City of Norman?
3. What reasons might people have for moving to the newly formed Oklahoma Territory?
