

## REQUIREMENTS FOR WORLD'S FAIR PROPOSAL

World's fair promoters are seeking plans for a future fair to be held in an American city. Your city or one near you is a possible site of the fair. You will work in groups to create a proposal for the fair and to present it to the selection committee. You must consider and respond to the following items:

1. **Location:**

Give an explanation for your choice of location.

Tell how the use of this location for the fair will benefit the local region and state.

2. **Environment:**

Tell what is on your site now: landforms, water bodies, vegetation, animals.

Explain how you plan to use the current environment.

Identify the modifications you will make to the site and describe their impact on the local community. (Refer to local maps or web sites.)

3. **Exhibits:**

Identify and explain who will be invited.

Describe and justify your theme.

4. **Transportation/Housing:**

Explain how people will get to the fair.

Show how you will provide for parking.

Show how people will get around the grounds.

Identify housing for workers and visitors.

5. **Special Needs:**

Make a list of public conveniences needed.

Determine where to locate conveniences.

Describe what will be done with trash and human waste.

6. **Architecture/Landscaping:**

Describe any guidelines for the appearance of the buildings.

Identify a design theme.

Describe any special features and exhibits.

You must include the following maps:

**Map 1** Current site plan.

**Map 2** Plan of exposition site, indicating land and water features, location of exhibit halls, transportation networks, etc.

**Map 3** Future use: Show how the community will use the site after the exposition closes.
