MINING TOOLS AND TEAMS.

A miner without pick and shovel, gold pans or sluice boxes, is like a soldier without a gun and ammunition. Here is what you will need to pick up the golden treasure in the rich deposits of the Hills.

Mining Tools:
- Four mining shovels, strap gold picks, gold pans, sluice boxes for $100 each.
- A complete outfit should also include rubber boots, heavy piggledy hats, canvas miners' blankets, rubber blankets, packsaddles, harnesses, and pies.

COST OF TEAMS AND SUPPLIES.

Those who desire to purchase their own means for the transportation of miners and miners' supplies can procure an outfit to much better advantage in Cheyenne or Denver than elsewhere. Groceries, provisions, clothing, mining tools and all other necessary articles can be procured at this point. The following may be considered average prices for:

![Image of mining tools and supplies with prices listed]

PROVISIONS:
- Flour: $3.00 to $4.50 per sack
- Biscuits: $0.60 per sack
- Mutton: $3.00 per sack
- Potatoes: $0.25 per bag
- Grapes: $0.25 per case

And the Big Horn Region!

The new Bonanza of the Northwest.

The immense and constantly increasing immigration to the new gold fields of the North is destined to completely overflow the Black Hills, and before the close of '77 or early in '78, at the farthest, the cry of "On to Big Horn" will be heard in the land and the myriad of gold seekers will pass thither. Herewith we give, with as great accuracy as possible, a table of distances from Cheyenne to the Big Horn Mountains and River:

**WHAT IT WILL COST**

Reach the mines.

We have not given in this Guide the cost of passage or rates on freight to the gold regions, simply because prices would vary at every point from which intending miners would depart, and the figures can readily be obtained at principal ticket offices throughout the country, where you should be sure to ask for a ticket over the Kansas Pacific Railway, and take no other, as it is the only route that will take you direct to the Hills, by way of Denver and Cheyenne.

Mining supplies and freight, shipped by miners, will be carried at bed-rock prices, a special rate being made therefor. Parties expecting to go to the Hills with a considerable amount of freight, should write at once to John Mehl, General Freight Agent, Kansas Pacific Railway, Kansas City, Mo., who will immediately send you the lowest possible figures thereon.

Don't forget to write or apply in person.

For other information, rates for parties, guides, etc., address D. E. Cornell, Gen'l Pass Agent, Kansas City, Mo., or any of the authorized agents of the company.

**CHEYENNE AND BLACK HILLS STAGE LINES**

These Stage Lines are undoubtedly the finest equipped for the business of running to the Hills. With their splendid and fast teams, new Concord Coaches, and superior Express and Freight Wagons, they offer every facility for the rapid and safe transit of all classes of passengers and freight direct to the most prominent places in the Hills. With the season fully opened, stages will run each way daily; and always depart on arrival of Kansas Pacific Trains, direct for the Hills without delay.

Tickets direct to Custer City and Deadwood, are sold by the Kansas Pacific Railway, making the best possible route in the country, from the Rock to the Great Gold Fields.

Miners, observe that by going via Denver, you can get valuable knowledge by seeing the mines there. You can also secure the most practical mining implements.

At Cheyenne, supplies for every necessity can be secured, and all danger avoided in reaching the mines. Expeditions will form at Kansas City during the Spring and Summer months, for which special rates will be made. Individuals or parties can join these expeditions by giving notice of their intention to go to the Hills or the famous Big Horn Region, to

**MINERS' OUTFIT**

For the Black Hills Campaign.

The following list of necessary articles for mining parties going to the Hills will be found reasonably correct, and the quantity herein indicated is for a "mess," or party of four persons, with teams, for a period of ninety days:

- Five hundred pounds best quality of flour in 50 lb. sacks; 1200 pounds gran; 200 pounds salted corn meal; 20 pounds browned coffee; 4 pounds of tea; 5 gallons syrup; 5 gallons vinegar; 10 pounds dry apples; 20 pounds white beans; 100 pounds bacon; salt, black and red pepper, mustard, etc. And in your camp chest the following articles:

  **COOKING UTENSILS**

  - Two camp kettles, 1 coffee pot, 1 miners' oven, 1 fry pan, 1 dish pan, 1 ladle, 1 meat fork, 4 tin cups, 4 tin plates, 1 butcher knife, 4 sets knives and forks, 4 table spoons, 2 crane hooks, 1 coffee mill, and 1 lantern.

  - Five pounds of coffee, 1 pound of tea, 20 pounds of sugar, 2 boxes yeast powder, 1 sack of salt, 1 quart of syrup and sugar, 1 quart of vinegar, 1 quart of spermaceti oil, 1 dozen boxes of matches, 32 lbs. of flour.

  These supplies can be secured either at Kansas City, Denver or Cheyenne, as parties going to the mines may prefer. Heavy-sold boots and blankets will also be found desirable in addition to the above."
